Congratulations on being admitted as a student to Lund University!

It is a great achievement to have gained a place at one of the world’s top 100 universities and the most popular choice for international students coming to Sweden.

Summer Preparatory Programme

Your preparations for joining Lund University will now be well underway, but we know that many international students can be concerned about how they will cope learning in a new study environment and being taught in English. To help you to become comfortable living and learning in Sweden and to improve your Academic English language skills, ONCAMPUS Lund Sweden, in collaboration with Lund University, have developed a summer programme specifically designed to support you in preparing for the demands of study at degree level.

The Summer Preparatory Programme is not conditional to you joining your chosen degree – you have already successfully secured admission to this world renowned institution- but it is an optional extra to give you some additional support before your programme starts.

It is delivered by ONCAMPUS Lund Sweden, part of Cambridge Education Group, a partner of Lund University.

"The thing that I like during this course is my tutors’ feedback. It helps me a lot to improve my learning, self-confidence and enthusiasm for learning. Also, I have very supportive peers that create a good environment to my study. By having them, it gives me an opportunity to speak English every day. As a result, it has a real impact on my English proficiency."
